International Spy Museum
800 F Street NW
Washington, DC

Dear Russell,

I would like to thank you and all the employees of The Russell Gage Corporation for providing The International Spy Museum with a successful project. The construction and unveiling of the new Exquisitely Evil exhibit and within our occupied museum was quite an undertaking. However, Gage Corporations planning and project and site management were absolutely essential in covering all of the details. Over the years we have performed numerous renovation projects and most have been very successful. However, this project is worthy of a tip of my hat! I could not have been more pleased with the quality of workmanship, the attention to detail, and the professionalism of all the tradesman All under the experienced and well managed Gage Corporation site supervision / project management. Your firm understands and exercises the qualities of implementing quality work efficiently and quickly. Our level of museum requirements and quality workmanship were exceeded. Thank you. Should you ever need a recommendation, please put me down.

Thanks again for a job well done.

Sincerely,
