Dear Russell,

I wanted to send you a quick note of thanks for all of the great work you and your crew have done for us these past two years.

Your dedication and attention to detail have kept our construction projects on track. While every construction project has its share of surprises and unexpected problems that arise, your team consistently resolves our concerns and questions with a sense of urgency.

Your experienced team is always on the lookout for creative ways to cut costs while still achieving our goals and keep the project on track.

As our business continues to grow, we look forward to working with you in the coming years.

Cheers,

Bill
